

Name: _____

Company: Google

You may complete this assignment for an additional ten points. The extra points will be added to an exam grade. You must answer the following questions using the financial statements of your assigned company. You can access the company's financial statements in its Form 10-K for 2017. To receive credit, you must answer the questions in your own words. Copy and pasting data from the company's financial statements is not acceptable. The assignment must be submitted on Monday, July 30th at 2pm to receive the additional points.

1. Describe the general business activities of the company. In which countries does the company operate?
2. What are the sources of revenue for the company that are reported on the Income Statement? How much revenue did the company generate in 2017?
