Assignment Instructions

Picking a favorite topic from week 6 or 7 lessons (readings), write an essay that *fully* develops that single topic. Introduce one new related research article (within the past decade) or idea that has impacted the topic you have chosen. Your conclusion should explain why the topic you picked is important.

Do not recopy the question back into your paper. You must use MS word or RTF format only.

When you submit your paper I need the following in the title bar. 311 Your Last name, First name 7. My title bar looks like 311 Terzynski, John 7 This puts your paper in the correct place for my grading.
