

- 1. No colors are to be used straight out of the bottle or tube. You MUST add another color to it. Acrylic or gouche paint only. NO WATERCOLOR.**
- 2. The color scheme will be an analogous one with yellows/oranges/greens.**
- 3. You must add "texture" to the surface by painting textured lines over dried paint. Watch the demo!**
- 4. Entire paper should be filled. Draw large!**
- 5. Paint the complete surface area. Positive space and negative space must both be filled with paint.**
- 6. Use a variety of brush sizes if possible. NEATNESS COUNTS!**

Students take these notes!!
