

Assignment – Building Your Paper!

- ▶ Write and add your thesis statement and introduction to the shell
 - ▶ Thesis - one sentence statement; can be at the beginning of the introduction or at the end.
 - ▶ The entire Introduction and Thesis is one paragraph.
 - ▶ REMEMBER: The first page of your paper will be the Title page, followed by your Abstract page (it has its own page!), and then page 3 will start with the Introductory paragraph.
- ▶ The Introduction's heading is the title again centered and bold.
- ▶ Do not use the word "introduction"
- ▶ THE REST OF THE SHELL STAYS IN PLACE!
- ▶ If any changes needed to be made from the shell submission in Week 2, please make those changes before you submit.

Only the Introduction and Thesis are graded this week
