

## Assessment Traits

### Requires Lopeswrite

#### Assessment Description

Build upon the information in your annotated bibliography to create a 750- to 1000-word mini proposal for future research. Your proposal should include the following:

1. A background of the topic: This section should include a synthesis of the research you have conducted.
2. The current problem: This section should identify a current problem within your chosen topic. Use current research to establish why this is an important problem to study.
3. Your research question.
4. A research plan: Based on the current problem, identify the quantitative or qualitative method you would recommend, and explain why that is the best method for this problem. Describe why it is important to research this question and explain the possible risks.

Prepare this assignment according to the guidelines found in the APA Style Guide, located in the Student Success Center. An abstract is not required.

This assignment uses a rubric. Please review the rubric prior to beginning the assignment to become familiar with the expectations for successful completion.

You are required to submit this assignment to LopesWrite. A link to the LopesWrite technical support articles is located in Class Resources if you need assistance.
