

During this session, you will revise the content of your first draft. Then you will produce your second draft. Use MS Word Office tools to delete or add on your first draft using the same document you produced on Tuesday. Then on a separate page titled "Draft 2" you can write your second draft. In this draft you can insert your citations. Make sure you do not exceed two citations [direct or indirect] for each paragraph [= each main idea].

Under the assignment on Thursday you would need to attach **two** Word documents: one with your **revised first draft** and your **second** draft, and the second one has **the citations and Works Cited** list according to the MLA Guidelines. Check out pages 42-49; 306-307 from your textbook for proper citations. Also, look at the MLA Guidelines section from Diana Hacker Manual and follow the proper formatting [pages 105-162].

Give each document the correct title : "MidTerm Essay Revised Draft one and Draft 2"; "MidTerm Essay Citations and Works Cited List". You will upload **2 documents** on Thursday on Moodle under the scheduled assignment.

Plagiarism will be severely penalized. If Turnitin detects over **30% of plagiarism**, citations included, then you will score an "F" for the midterm essay.
