<p><b>Develop a 1- to 2-page case study analysis, examining the patient symptoms presented in the case study. Be sure to address the following:</b></p> <p><b>Explain both the cardiovascular and cardiopulmonary pathophysiologic processes of why the patient presents these symptoms.</b></p>	<p>28 (28%) - 30 (30%)</p> <p>The response accurately and thoroughly describes the patient symptoms.</p> <p>The response includes accurate, clear, and detailed reasons, with explanation for both the cardiovascular and cardiopulmonary pathophysiologic processes supported by evidence and/or research, as appropriate, to support the explanation.</p>	<p>25 (25%) - 27 (27%)</p> <p>The response describes the patient symptoms.</p> <p>The response includes accurate reasons, with explanation for both the cardiovascular and cardiopulmonary pathophysiologic processes supported by evidence and/or research, as appropriate, to support the explanation.</p>	<p>23 (23%) - 24 (24%)</p> <p>The response describes the patient symptoms in a manner that is vague or inaccurate.</p> <p>The response includes reasons for the cardiovascular and/or cardiopulmonary pathophysiologic processes, with explanations that are vague or based on inappropriate evidence/research.</p>	<p>0 (0%) - 22 (22%)</p> <p>The response describes the patient symptoms in a manner that is vague and inaccurate, or the description is missing.</p> <p>The response does not include reasons for either the cardiovascular or cardiopulmonary pathophysiologic processes, or the explanations are vague or based on inappropriate or no evidence/research.</p>
<p><b>Explain how the cardiovascular and cardiopulmonary pathophysiologic processes interact to affect the patient.</b></p>	<p>28 (28%) - 30 (30%)</p> <p>The response includes an accurate, complete, detailed, and specific explanation of how the cardiovascular</p>	<p>25 (25%) - 27 (27%)</p> <p>The response includes an accurate explanation of how the cardiovascular and cardiopulmonary pathophysiologic</p>	<p>23 (23%) - 24 (24%)</p> <p>The response includes a vague or inaccurate explanation of how the cardiovascular and cardiopulmonary pathophysiologic processes interact to affect the</p>	<p>0 (0%) - 22 (22%)</p> <p>The response includes a vague or inaccurate explanation of how the cardiovascular and cardiopulmonary pathophysiologic processes interact to affect the</p>

and cardiopulmonary pathophysiologic processes interact to affect the patient.

processes interact to affect the patient.

patient.

patient.

**Explain any racial/ethnic variables that may impact physiological functioning.**

23 (23%) - 25 (25%)  
The response includes an accurate, complete, detailed, and specific explanation of racial/ethnic variables that may impact physiological functioning supported by evidence and/or research, as appropriate, to support the explanation.

20 (20%) - 22 (22%)  
The response includes an accurate explanation of racial/ethnic variables that may impact physiological functioning supported by evidence and/or research, as appropriate, to support the explanation.

18 (18%) - 19 (19%)  
The response includes a vague or inaccurate explanation of racial/ethnic variables that may impact physiological functioning, and/or explanations based on inappropriate evidence/research.

0 (0%) - 17 (17%)  
The response includes a vague or inaccurate explanation of racial/ethnic variables that may impact physiological functioning, or the explanations are based on inappropriate or no evidence/research.

**Written Expression and Formatting - Paragraph Development and Organization: Paragraphs make clear points that support well-developed ideas, flow logically, and demonstrate continuity of ideas. Sentences are carefully focused—neither long and rambling nor short and lacking substance. A clear and comprehensive purpose statement and introduction are provided that**

5 (5%) - 5 (5%)  
Paragraphs and sentences follow writing standards for flow, continuity, and clarity.  
A clear and comprehensive purpose statement, introduction, and conclusion are provided that delineate all required criteria.

4 (4%) - 4 (4%)  
Paragraphs and sentences follow writing standards for flow, continuity, and clarity 80% of the time.  
Purpose, introduction, and conclusion of the assignment are stated, yet are brief and not descriptive.

3 (3%) - 3 (3%)  
Paragraphs and sentences follow writing standards for flow, continuity, and clarity 60%–79% of the time.  
Purpose, introduction, and conclusion of the assignment are vague or off topic.

0 (0%) - 2 (2%)  
Paragraphs and sentences follow writing standards for flow, continuity, and clarity < 60% of the time.  
No purpose statement, introduction, or conclusion were provided.

delineate all required criteria.

**Written Expression and Formatting - English Writing Standards: Correct grammar, mechanics, and proper punctuation**

5 (5%) - 5 (5%)  
Uses correct grammar, spelling, and punctuation with no errors.

4 (4%) - 4 (4%)  
Contains a few (1 or 2) grammar, spelling, and punctuation errors.

3 (3%) - 3 (3%)  
Contains several (3 or 4) grammar, spelling, and punctuation errors.

0 (0%) - 2 (2%)  
Contains many ( $\geq$  5) grammar, spelling, and punctuation errors that interfere with the reader's understanding.

**Written Expression and Formatting - The paper follows correct APA format for title page, headings, font, spacing, margins, indentations, page numbers, running heads, parenthetical/in-text citations, and reference list.**

5 (5%) - 5 (5%)  
Uses correct APA format with no errors.

4 (4%) - 4 (4%)  
Contains a few (1 or 2) APA format errors.

3 (3%) - 3 (3%)  
Contains several (3 or 4) APA format errors.

0 (0%) - 2 (2%)  
Contains many ( $\geq$  5) APA format errors.

Total Points: 100
