- **Guidelines:** students will be required to choose a country around the world, other than the United States, and identify cybersecurity laws and regulations.
- **Objective:** Student should write a paper identifying the current state of cybercrime, cyber warfare, cyber laws, regulations, and policy.

Structure of the Paper:

Title Page: Include a separate title page with topic title and team member names.

Table of Contents

Executive Summary: one or two paragraphs on a page by itself that provide a rapid overview of the issue and any conclusions or results you have obtained. Write this section **AFTER** you have finished the entire paper, then insert it at the beginning of the paper.

Main Body(titled according to your topic): In depth discussion of the issues surrounding your topic. Must include the following required sections (you may also have subsections if the topic is complex):

1. **Introduction:** one or two paragraphs to introduce the issue and explain what will be covered in this report.
2. **(Main body):** Your section names may vary in the body, but you should be covering all of these essential areas:
 - Executive summary outlining the issue(s)
 - Global Cybersecurity threats: attack types
 - Countermeasures and mitigation approaches
