

PART I

Read this article which summarizes Kenneth Blanchard's seminal work on the Interactive Model of Leader-Follower-Situation:

<https://medicine.hofstra.edu/pdf/faculty/facdev/facdev-clinical-blanchard.pdf>

- Provide a short, 4-6 line, paragraph that summarize the reading
- In a short paragraph describe what resonated most with you in this reading?
- In 1-2 paragraphs describe a situation where a Leader was successful with followers in one situation/organization, and not successful with followers in

another situation/organization (provide at least two sources and corresponding in-text citations)

PART II

Having Read Drucker on Innovation as summarized by Swaim, 2022, Principles of Innovation: <https://www.corporatelearningnetwork.com/leadership/articles/principles-of-innovation-getting-rid-of-yesterday>

- What is a KSA company you see that motivates innovation in its organization, and why as it relates to this article. (provide at least two sources and corresponding in-text citations)
- What specifically motivates these

employees to innovate?

This post requires at least 4 references
(and corresponding in-text citations).
