Paper 1 Topics - pick one of these three

Read one of Plato's Socratic dialogues. Extend that work after a "new sophist" who holds a position common to a famous psychologist (e.g., Piaget on child development), and who joins the conversation.

Read Marcus Aurelius' *Meditations*; write an essay on how it relates to one or more aspects of clinical or social psychology here in 2021 America.

Find an academic work from anthropology or archaeology about the Neolithic Age that gives you some insights about the "social psychology" of Stone Age peoples. Discuss that.
