Term Paper Topics: Scientists and His...

Weather & Climate
Term Paper Topics: Scientists and Historians
Regular Semester

Instructions
Select a scientist that you find interesting and write a term paper that 1) provides a brief biography; 2) highlights their contribution to society; and 3) how their contribution has enlightened society in the present.

For specific instructions concerning the use of sources, format, file type, etc., refer to your syllabus or "EIU Term Paper Requirements" document in D2L.
