

Below you will find 10 Identification Triads. You will need to identify each term (of each Identification Triad), and then explain how the three terms are related. Each individual portion of the Identification Triad is worth 2 points and your explanation of how each individual portion is related to each other worth 2 points. Thus, each Identification Triad is worth 8 points. Listed below are the possible Identification Triads that will appear on your exam. On the exam you will find 5 Identification Triads from the list below. You will have to complete those 5 Identification Triads. Make sure to go over your class notes and read over *Give Me Liberty!*

1. The Populists Party  
The Currency Problem  
The Election of 1896
  
2. The New Nationalism  
The New Freedom
