Assessment Description

The purpose of this assignment is to gain an understanding of health care costs, access to care, and quality of care. For this assignment, you will examine the effects of cost and the issues associated with accessing quality care.

In a 750-1,000-word paper, address the following:

1. Identify the factors contributing to the rising cost of health care. Why are health care costs continuing to rise?
2. Describe two challenges seen today when accessing health care. How does cost impact access to care?
3. Discuss the challenges that health care organizations face with delivering quality care. How has legislation impacted health care quality strategies and initiatives?
4. What role does technology play in cost, access, and quality of care?

Do not include the title page or the references page when determining whether you have achieved the required word count for this assignment.

A minimum of two references, in addition to your textbook, is required for this assignment.

Prepare this assignment according to the guidelines found in the APA Style Guide, located in the Student Success Center.
