To whom it may concern:

I am writing this letter to express my support for Ms. Kianna James, who has always displayed a high degree of integrity, responsibility, and ambition. She is definitely a leader rather than a follower. I am confident Kianna deserves this and much more because she possesses outstanding qualities that will make her successful in the Health Administration. Kianna is extremely bright and nothing seems too challenging for her. She has lots of confidence in everything she does and works great under pressure. In other words, Kianna knows how to multitask effectively and is able to handle a high-volume workload.

Organized and diligent, Kianna quickly learns any task assigned to her with no problem and without hesitation. She also has the ability to work with minimal supervision and is always committed to exceed client expectations. Kianna is hardworking and a top performer. She has the highest recommendation and I would appreciate it if you give Kianna your strongest consideration.

Sincerely,

Dr. Emile Doss
