Research & Evaluation Essay #2, "Select an actual case when research was plagued by ethical and/or legal issues, and perform an assessment of this case to determine the major issues associated with the case.", @ 100 Pts.

For this exercise, as in Research & Evaluation Essay #1, limit it to about 2-3 pages, double-spaced and address the question/statement proposed. By this time in the course, we will have discussed this issue and methodologies, so you should be baseline-prepared to evaluate the statement and validate it by your submission. You need to include...maybe 2 sources that support your assessment of the items presented. Please don't just write something and let it suffice; give this at least a better-than-modicum of attention to "anti-mental-capitulation." Roger that? Select one topic that addresses the question posed for review/analysis, and analyze why this topic you selected meets the qualifications of "ethical and/or moral" violations. Please try to speak to WHY the data/research/outcomes reported were biased to the extent the research caused harm to human subjects. Now, please understand something here: treat your topic as a research statistician without bias, so as not to skew your analysis. If you need further discussion on this, please call me on my 'celery' phone: 334.312.4751 and we can discuss the intent of this activity. *On a personal note (not a political one): I long for the day when reasonable M&Ms are at the heart of what we do in research and in our global quests for peace. If this cannot be achieved, I weep for the future of my grandchildren. In fact, I long for the Trumpet Call...and would not mind one bit being aboard the USS Enterprise (NCC-1701-D) with the family, seeking a new world where the ills of this one can be left behind...while we wait for the Trumpet Call. Best, DrK*

***** Informal Rubric for Research & Evaluation Essay #1 and Essay #2: *****

1. Cover Page that matches the Cover Page of the Proposal: **20 Points**
2. Citations: Two Must be used in the Essay, and APA Formatted: **20 Points (10 Ea)**
3. Essay Discussion: Does it address topic, syntax, spelling: **60 Points**

SPECIAL NOTE: For this Assignment, R&E Essay #2, you must use the cover page of your proposal that you have developed. Understand? What I recommend is that you copy/paste your proposal to your folder, and remove all content less the cover page. Then, when you build this Essay #2, use that cover page and continue writing to respond to the Essay. ALSO, note that the two sources that you are required to use must be on the last page and noted on the top of the page as Sources and they MUST be in APA Format. You may use the textbook as ONE source, and one source must be from the Internet or a Peer Journal. For example, if you discuss Surveys, your source must address surveys/survey development, etc, and be properly and formerly cited in the Sources Page. If you do not understand this process or have trouble with

APA Formatting, please contact me for how to do this or contact the Writing Center at Amridge for help. Thx, Drk ... This Special Note applies to R&E Essay #1 AND Essay #2. Thx, Drk...
