PHE 685 Milestone One Guidelines and Rubric

(2 pages)

Overview: Final Project Part One is the implementation and analysis of your project plan, and the completion of your practical experience project. The project is divided into **two milestones**, which will be submitted at various points throughout the course to scaffold learning and ensure quality final submissions. These milestones will be submitted in **Modules Four and Seven**.

In this milestone, you will submit a draft of the Results section of your final project.

Prompt: For Milestone One, you will be tasked with continuing the work you have started in PHE 680. This draft will include the development of your Results section, where you will develop an artifact to convey the results of your project goals. The artifact could be an infographic, spreadsheet, graph, or other presentation item. You want to think about the key project stakeholders: How will the artifact mobilize your key stakeholders to positively impact your target population?

Specifically, you must address the **critical elements** listed below:

- I. **Results**
 - A. **Report** the results of the project goals. Were these the expected results? Why or why not?
 - B. Develop one **artifact** to communicate the results of the project goals. Consider how the artifact could be used to mobilize key stakeholders and positively impact your target population.

Rubric

Guidelines for Submission: The Results section of your practical experience project must be 2–3 pages in length (plus a cover page and references) and must be written in APA format. Use double spacing, 12-point Times New Roman font, and one-inch margins. Include at least two references cited in APA format.
