PHE 685 Milestone Two Guidelines and Rubric

(5 pages)

Overview: Final Project Part One is the implementation and analysis of your project plan, and the completion of your practical experience project. The project is divided into **two milestones**, which will be submitted at various points throughout the course to scaffold learning and ensure quality final submissions. These milestones will be submitted in **Modules Four and Seven**.

This milestone is a draft of the Conclusions section of your final paper. Remember to apply the feedback you receive from your instructor to your final submission in Module Nine.

Prompt: In this assessment, you will be tasked with continuing the work you started in PHE 680. This is the conclusions section of your final paper, where you will summarize the results of your project including the strengths and limitations you have experienced implementing your project's goals. You will also summarize how your selected foundational competencies impacted your project plan. Finally, you will analyze areas of your project that still need further analysis.

Specifically, you must address the **critical elements** listed below.

II. Conclusions

- A. Summarize the results of the project. In your summary, explain if you met your **project goals**.
- B. Describe **strengths and limitations** of meeting your project goals. In your response, consider how the project results may influence the public health field and how you would communicate the results to stakeholders.
- C. Summarize the **foundational competencies** used in your project for addressing their impact on effectively implementing the project plan.
- D. Based on the results of your project, analyze areas related to the project topic that still need **further analysis**.

Rubric

Guidelines for Submission: The complete draft of your practical experience project must be 5–7 pages in length (plus a cover page and references) and written in APA format. Use double spacing, 12-point Times New Roman font, and one-inch margins. Include at least five references cited in APA format.
