Paper Information:

The purpose of this assignment is for students to understand the application of middle-range nursing theory to promote the best nursing practices for patients. It is intended that this assignment will promote a deeper understanding of how middle-range nursing theory may be used to guide evidence-based nursing practice. Include a minimum of 3 scholarly sources including the course textbooks. Use a minimum of 2 peer-reviewed journal articles that shows the implementation of this middle-range nursing theory and how the middle-range nursing theory-guided research and/or practice. In the paper you will analyze, discuss, and apply the concepts of a middle-range nursing theory of your choice. (Middle-range theories are discussed in chapters 20-33 in the textbook)

The paper must include the following:

- Introduction
 - Background information about your selected middle-range nursing theory and the purpose of paper.
- Main content
 - Select a clinical nursing practice situation where you provided nursing care which is applicable to one of the middle range theories studied in this course. Write a summary of nursing situation. Observe strict anonymity and confidentiality; use fictitious names for patient, facility, and any other identifiable details. You may write this section in first person.
 - Select a related middle range nursing theory from course readings that relates the nursing practice situation described. Explain its principles and concepts in detail.
 - Describe in detail why this middle range nursing theory is applicable to the nursing situation.
 - Explain how this middle range nursing theory can be applied to other nursing practice situations, as well as nursing leadership and ethical decision-making related to this theory.
 - Describe how this middle range nursing theory may be applied to nursing research.
- Conclusion

Paper Requirements:

- Based on your readings, current literature (within the last 5 years), and research on the nursing theory of your choice
- Clearly demonstrate the integration of evidence into nursing practice as it relates to your selected nursing theory.
- Clearly demonstrate the concepts of nursing leadership and ethical decision-making as they relate to your selected nursing theory.
- Writing Requirements:
 - Total of 3-5 pages (not including title page or reference page) using the required cover page with your program name clearly labeled
 - Document file name: Last Name_First Name_Week 7 Paper_NUR502
 - Minimum of 5 scholarly sources (a minimum of 3 scholarly sources and a minimum of two peer-reviewed journal articles) to support your facts. One source may be the course textbook.
 - Clear and logically written with proper grammar, spelling, and punctuation
 - Proper APA format on citations and sources

Please remember to run your documents through the Plagiarism Check to review the percentage taken from other sources prior to uploading your work here for final grading and the final plagiarism check.
