PART I: THE SPECIALTY OF HOSPITAL MEDICINE AND SYSTEMS OF CARE

SECTION 1 The Value and Values of Hospital Medicine

1 The Face of Health Care: Emerging Issues for Hospitalists 5
2 Value-Based Health Care for Hospitalists 10
3 Racial/Ethnic Disparities in Hospital Care 18
4 Comanagement of Orthopedic Patients 23
5 Professionalism in Hospital Medicine 29
6 Principles of Leadership 33

SECTION 2 Critical Decision Making at the Point of Care

7 Principles of Evidence-Based Medicine and Quality of Evidence 39
8 Diagnostic Reasoning and Decision Making 45
9 Principles of Evidence-Based Prescribing 56
10 Summary Literature: Practice Guidelines and Systematic Reviews 62
11 Practical Considerations of Incorporating Evidence into Clinical Practice 70

SECTION 3 Transitions of Care

12 Care Transitions into the Hospital: Health Care Centers, Emergency Department, Outside Hospital Transfers 79
13 Care Transitions within the Hospital: The Hand-Off 84
14 Care Transitions at Hospital Discharge 90

SECTION 4 Patient Safety and Quality Improvement

15 Principles of Patient Safety: Intentional Design and Culture 99
16 Patient-Centered Care 104
17 Harnessing Data to Make Quality Improvement Decisions: Measurement and Measures 110
18 Standardization and Reliability 113
19 Tools to Identify Problems and Reduce Risks 118
20 Preventing and Managing Adverse Patient Events: Patient Safety and the Hospitalist 124
21 Principles and Models of Quality Improvement: Plan-Do-Study-Act 130
22 The Role of Information Technology in Hospital Quality and Safety 134

SECTION 5 Practice Management

23 Building, Growing and Managing a Hospitalist Practice 139
24 Best Practices in Physician Recruitment and Retention 150
25 Teamwork in Leadership and Practice-Based Management 157
26 Negotiation and Conflict Resolution 164

SECTION 6 Billing, Coding, and Clinical Documentation

27 Professional Coding and Billing Guidelines for Clinical Documentation 173
28 Consultation, Comanagement, Time-Based, and Palliative Care Billing 182
29 Billing for Procedures and Use of Modifiers in Inpatient Practice 192
30 Billing in the Teaching Setting and Billing with Advanced Practice Providers 198
31 Hospital-Driven Documentation 204
32 Taming the ICD-10 Monster 210

SECTION 7 Principles of Medical Ethics and Medical-Legal Concepts

33 Common Indications for Ethics Consultation 217
34 Medical-Legal Concepts: Advance Directives and Surrogate Decision Making 224
35 Medical Malpractice 231

SECTION 8 Professional Development

36 Principles of Adult Learning and Continuing Medical Education 243
37 Cultural Competence 246
38 Career Design and Development in Academic and Community Settings 253
39 Mentorship of Peers and Trainees 257
40 Research in the Hospital 264

41 For Individuals and Practices: Career Sustainability and Avoiding Burnout . . . 273

PART II: MEDICAL CONSULTATION

SECTION 1 Surgery

42 Physiologic Response to Surgery . . . 283
43 Perioperative Hemostasis . . . 286
44 Postoperative Complications . . . 292
45 Surgical Tubes and Drains . . . 297
46 Surgical Critical Care . . . 300

SECTION 2 Anesthesia

47 Anesthesia: Choices and Complications . . . 309
48 Perioperative Pain Management . . . 313

SECTION 3 Perioperative Risk Assessment and Management

49 Role of the Medical Consultant . . . 325
50 Preoperative Cardiac Risk Assessment and Perioperative Management . . . 329
51 Perioperative Pulmonary Risk Assessment and Management . . . 336
52 Perioperative Risk Assessment and Management of the Diabetic Patient . . . 342
53 Preoperative Evaluation of Liver Disease . . . 348
54 Preoperative Assessment of Patients with Hematologic Disorders . . . 352

SECTION 4 Prevention, Assessment, and Management of Common Complications in Noncardiac Surgery

55 Antimicrobial Prophylaxis in Surgery . . . 361
56 Venous Thromboembolism (VTE) Prophylaxis for Nonorthopedic Surgery . . . 368
57 Postoperative Blood Transfusion . . . 373
58 Nutrition and Metabolic Support . . . 377
59 Cardiac Complications after Noncardiac Surgery . . . 385
60 Management of Postoperative Pulmonary Complications . . . 391
61 Assessment and Management of Patients with Renal Disease . . . 397
62 Postoperative Neurologic and Psychiatric Complications . . . 412

SECTION 5 Specialty Consultation—What the Consulting Hospitalist Needs to Know

63 Surgical Management of Obesity . . . 421
64 Common Postoperative Complications in Neurosurgery . . . 430
65 Management of Common Perioperative Complications in Orthopedic Surgery . . . 437
66 Transplant Surgery . . . 447
67 Urology . . . 453

PART III: REHABILITATION AND SKILLED NURSING CARE

68 Postacute Care Rehabilitation Options . . . 463
69 Physical Therapy and Rehabilitation . . . 469
70 The Role of Speech/Language Pathologists in Dysphagia Management . . . 476
71 Incontinence . . . 482
72 Pressure Ulcers . . . 491
73 Patient Safety and Quality Improvement in Postacute Care . . . 497
74 Hospice . . . 505

PART IV: APPROACH TO THE PATIENT AT THE BEDSIDE

75 Acute Abdominal Pain . . . 513
76 Acute Back Pain . . . 522
77 Evaluation of Anemia . . . 533
78 Bleeding and Coagulopathy . . . 539
79 Chest Pain . . . 547
80 Constipation . . . 556
81 Delirium . . . 563
82 Diarrhea . . . 572
83 Disorders of the Eye . . . 579
84 Dizziness and Vertigo . . . 587
85 Dyspnea . . . 595
86 Edema . . . 604
87 Falls . . . 613
88 Fever and Rash . . . 620
89 Headache . . . 625
90 Hemoptysis . . . 636
91 Hypertensive Urgencies and Emergencies . . . 641
92 Hyperthermia and Fever . . . 647
93 Hypotension . . . 657
94 Hypothermia . . . 665
95 Hypoxia . . . 669
96 Sleep Disturbance in the Hospitalized Patient . . . 676
97 Nausea and Vomiting . . . 689
98 Numbness: A Localization-Based Approach . . . 694
99 Pain . . . 701
100 Suspected Intoxication and Overdose . . . 709
101 Syncope . . . 714
102 Tachycardia . . . 729
103 The Geriatric History and Physical Examination . . . 740

104 The Neurologic Examination 747
105 Using Prognosis to Guide Treatment 754
106 Weakness: How to Localize the Problem 763

PART V: DIAGNOSTIC TESTING AND PROCEDURES

SECTION 1 Interpretation of Common Tests

107 Basic Diagnostic Tests 771
108 The Resting Electrocardiogram 776
109 Elevated Liver Biochemical and Function Tests 796
110 Pulmonary Function Testing 805
111 Urinalysis and Urine Electrolytes 814

SECTION 2 Radiology

112 Introduction to Radiology 825
113 Patient Safety Issues in Radiology 831
114 Basic Chest Radiography (CXR) 838
115 Advanced Cardiothoracic Imaging 853
116 Basic Abdominal Imaging 864
117 Advanced Abdominal Imaging 870
118 Neurologic Imaging 876
119 Interventional Radiology 884

SECTION 3 Procedures

120 Vascular Access 891
121 Intubation and Airway Support 895
122 Arterial Blood Gas and Placement of A-line 901
123 Feeding Tube Placement 905
124 Thoracentesis 909
125 Lumbar Puncture 914
126 Paracentesis 918
127 Arthrocentesis 921

PART VI: CLINICAL CONDITIONS IN THE INPATIENT SETTING

SECTION 1 Cardiovascular Medicine

128 Acute Coronary Syndromes 929
129 Heart Failure 941
130 Myocarditis, Pericardial Disease, and Cardiac Tamponade 954
131 Valvular Heart Disease 965
132 Supraventricular Tachyarrhythmias 980
133 Bradycardia 996
134 Ventricular Arrhythmias 1003
135 Cardioversion 1015
136 Pacemakers, Defibrillators, and Cardiac Resynchronization Devices in Hospital Medicine 1025

SECTION 2 Critical Care

137 Inpatient Cardiac Arrest and Cardiopulmonary Resuscitation 1037
138 Acute Respiratory Failure 1047
139 Pain, Agitation and Delirium in the Critical Care Setting 1055
140 Mechanical Ventilation 1065
141 Sepsis and Shock 1074
142 Acute Respiratory Distress Syndrome 1085
143 Prevention in the Intensive Care Unit Setting 1094

SECTION 3 Dermatology

144 Flushing and Urticaria 1105
145 Adverse Cutaneous Drug Reactions 1114
146 Psoriasis and Other Papulosquamous Disorders 1125
147 Diabetic Foot Infections 1131
148 Venous Ulcers 1138
149 Dermatologic Findings in Systemic Disease 1145

SECTION 4 Endocrinology

150 Glycemic Emergencies 1171
151 Inpatient Management of Diabetes and Hyperglycemia 1178
152 Thyroid Emergencies 1184
153 Adrenal Insufficiency 1191
154 Pituitary Disease 1198

SECTION 5 Gastroenterology

155 GERD and Esophagitis 1209
156 Upper Gastrointestinal Bleeding 1217
157 Acute Pancreatitis 1227
158 Jaundice, Obstruction, and Acute Cholangitis 1232
159 Acute Liver Disease 1239
160 Cirrhosis and Its Complications 1253
161 Acute Lower Gastrointestinal Bleeding 1269
162 Small Bowel Disorders 1279
163 Large Bowel Disorders 1290
164 Inflammatory Bowel Disease 1308

SECTION 6 Geriatrics

165 Principles of Geriatric Care 1323
166 Agitation in Older Adults 1330
167 Elder Mistreatment 1336
168 Malnutrition and Weight Loss in Hospitalized Older Adults 1346

SECTION 7 Hematology

169 Abnormalities in Red Blood Cells 1353
170 Disorders of the White Cell 1373
171 Quantitative Abnormalities of Platelets: Thrombocytopenia and Thrombocytosis 1381
172 Approach to Patients with Bleeding Disorders 1392
173 Hypercoagulable States 1399
174 Hematologic Malignancies 1405

SECTION 8 Oncology

175 Overview of Cancer and Treatment 1431
176 Oncologic Emergencies 1436
177 Approach to the Patient with Suspected Malignancy 1443
178 Breast, Ovary, and Cervical Cancer 1454
179 Men's Cancers 1458
180 Cancers of the Kidney, Renal Pelvis, and Ureter 1463
181 Oncologic Issues of the Aerodigestive Tract 1468
182 Gastrointestinal Cancers 1474
183 Immune-Related Adverse Events (irAEs) in Cancer Patients 1477

SECTION 9 Infectious Disease

184 Fundamentals of Antibiotics 1489
185 Antibiotic Resistance 1498
186 Community-Acquired Pneumonia 1503
187 Health Care and Hospital-Acquired Pneumonia 1514
188 Intravascular Catheter-Related Infections: Management and Prevention 1519
189 Infective Endocarditis 1528
190 Clostridium difficile–Associated Disease (CDAD) 1537
191 Peritonitis and Intra-Abdominal Abscess 1542
192 Meningitis and Encephalitis 1549
193 Osteomyelitis and Septic Arthritis 1557
194 Prosthetic Joint Infections 1564
195 Sexually Transmitted Infections 1574
196 Skin and Soft Tissue Infections 1582
197 Urinary Tract Infections 1589
198 Viral Infections 1596
199 Tickborne Infections 1604
200 Tuberculosis 1612
201 Candida and Aspergillus 1618
202 Histoplasmosis, Blastomycosis, Coccidioidomycosis, and Other Dimorphic Fungi 1625
203 The Hospitalized Patient with HIV 1634
204 Infections of the Immunocompromised Host 1646
205 Fever in the Returning Traveler 1653
206 Undiagnosed Fever in Hospitalized Patients 1659

SECTION 10 Neurology

207 Coma and Disorders of Consciousness 1667
208 Intracranial Hemorrhage and Related Conditions . . . 1674
209 Transient Ischemic Attack and Stroke 1681
210 Parkinson's Disease and Related Disorders 1690
211 Seizures 1700
212 Multiple Sclerosis 1712
213 Peripheral Neuropathy 1719

SECTION 11 Palliative Care

214 Principles of Palliative Care 1727
215 Communication Skills for End-of-Life Care 1733
216 Domains of Care: Physical Aspects of Care 1740
217 Care of the Dying Patient 1756

SECTION 12 Pregnancy

218 Overview of Physiologic Changes of Pregnancy 1767
219 Medication Management 1771
220 Critical Care of the Pregnant Patient 1781
221 Common Medical Problems in Pregnancy 1786
222 Postpartum Consultation for Common Complaints . . 1807

SECTION 13 Psychiatry

223 Mood and Anxiety Disorders 1813
224 Combat Stress and Related Disorders 1827
225 Assessment and Management of Psychosis 1833
226 Eating Disorders 1841
227 The Suicidal Patient 1848
228 The Difficult Patient 1853
229 Approach to the Patient with Multiple Unexplained Somatic Symptoms 1861

SECTION 14 Pulmonary and Allergy Immunology

230 Allergy and Anaphylaxis 1871
231 Asthma 1876
232 Chronic Obstructive Pulmonary Disease 1887
233 Interstitial Lung Diseases/Diffuse Parenchymal Lung Diseases 1898
234 Cystic Fibrosis 1905
235 Sleep Apnea and Obesity Hypoventilation Syndrome 1915
236 Pleural Diseases 1923
237 Pulmonary Hypertension 1932

SECTION 15 Renal

238 Acid-Base Disorders 1943
239 Acute Kidney Injury 1952
240 Calcium Disorders 1961

241 Potassium and Magnesium Disorders 1972
242 Disorders of Sodium and Water Balance 1982
243 Kidney Stones 1993
244 Secondary Hypertension 2000
245 Chronic Kidney Disease and Dialysis 2008

SECTION 16 Rheumatology

246 Rheumatologic Emergencies 2017
247 Gout, Pseudogout, and Osteoarthritis 2023
248 Systemic Lupus Erythematosus 2033
249 Rheumatoid Arthritis and Other Inflammatory Arthritides 2046

SECTION 17 Toxicology and Addiction

250 Drug Overdose and Withdrawal 2057
251 Addiction of Prescription and Nonprescription Drugs 2070

SECTION18 Vascular Medicine

252 Venous Thromboembolism Prophylaxis for Hospitalized Medical Patients 2077
253 Diagnosis and Treatment of Venous Thromboembolism 2081
254 Anticoagulant Therapy 2093
255 Diseases of the Aorta 2107
256 Acute and Chronic Lower Limb Ischemia 2115
257 Vasculitis 2121

Online Chapters

e1 Global Health and Hospital Medicine
e2 The Economics of Hospital Care
e3 Principles of Medical Ethics
e4 The Core Competencies in Hospital Medicine
e5 Bioterrorism

Index 2129

EDITORS

Sylvia C. McKean, MD, SFHM, FACP

John J. Ross, MD, CM, FIDSA

Daniel D. Dressler, MD, MSc, SFHM, FACP

Danielle B. Scheurer, MD, MSCR, SFHM

CONTRIBUTORS

Numbers in brackets refer to the chapters written or co-written by the contributor.

Samer Abdel-Aziz, MD
Pain Medicine Fellowship
Medical College of Wisconsin
Milwaukee, Wisconsin [99]

Meredith C. B. Adams, MD, MS
Assistant Professor of Anesthesiology and Pain Medicine
Director
Pain Medicine Fellowship
Medical College of Wisconsin
Milwaukee, Wisconsin [99]

Aaron W. Aday, MD
Division of Cardiovascular Medicine
Department of Medicine
Brigham and Women's Hospital
Boston, Massachusetts [255]

Bhavin Adhyaru, MD
Emory University School of Medicine
Atlanta, Georgia [10]

Kush Agrawal, MD
Advanced Endovascular and Structural Interventional Fellow
VIVA Physicians
El Camino Hospital
Mountain View, California [101]

Mikhail Akbashev, MD
Assistant Professor of Medicine
Emory University School of Medicine
Atlanta, Georgia [11]

Afsaneh Alavi, MD, MSc, FRCPC
Department of Medicine (Dermatology)
University of Toronto
Toronto, Ontario, Canada [148]

G. Caleb Alexander, MD, MS
Associate Professor of Epidemiology and Medicine
Bloomberg School of Public Health
Johns Hopkins University
Baltimore, Maryland [e3]

Anne E. Allan, MD
Miraca Life Sciences
Irving, Texas [146]

Ashwin Ananthakrishnan, MD
Attending Physician
Massachusetts General Hospital
Instructor in Medicine, Harvard Medical School
Boston, Massachusetts [183]

Daniel A. Anaya, MD
Associate Professor of Surgery
Division of Surgical Oncology
Michael E. DeBakey Department of Surgery
Research Scientist
The Houston Center for Quality of Care & Utilization Studies
Director
Liver Tumor Program, Michael E. DeBakey VAMC
Baylor College of Medicine
Houston, Texas [55]

Douglas S. Ander, MD
Professor of Emergency Medicine
Emory University School of Medicine
Atlanta, Georgia [121]

Eddy Ang, MD
Instructor in Medicine
Harvard Medical School
Division of Gerontology
Beth Israel Deaconess Medical Center
Boston, Massachusetts
Department of Medicine, Hebrew SeniorLife
Roslindale, Massachusetts [68]

Kelly Armstrong, PhD
Senior Clinical Ethicist
Memorial Health System
Adjunct Assistant Professor
Department of Medical Humanities
SIU School of Medicine
Springfield, Illinois [34]

Vineet M. Arora, MD, MAPP
Associate Professor and Assistant Dean for Scholarship and Discovery
Director
GME Clinical Learning Environment Innovation
Pritzker School of Medicine
University of Chicago
Chicago, Illinois [13]

Cameron Ashbaugh, MD
Assistant Professor
Harvard Medical School
Division of Infectious Diseases
Brigham and Women's Hospital
Boston, Massachusetts [196]

Saima Aslam, MD, MS
Assistant Professor
Director
Solid Organ Transplant Infectious Diseases service
Division of Infectious Diseases
University of California, San Diego
San Diego, California [188]
