Full citation:

Copy and paste the author's or authors' thesis here:

What page in the text does it appear on? If the document is in html format and there are no page numbers, use the paragraph number.

Summarize the thesis:

Summarize each of the primary points that the author or authors make(s) to support the thesis. Put the page number of each point in parentheses after the summary (or the paragraph number if the document is in html format with no page numbers). Then, below each point, summarize the evidence used to support that point. If there are fewer than 5 primary points, leave the remaining numbers blank. If there are more than 5 primary points, add additional numbers as needed:
