Week 8: Unknown Bacterial
Identification - Sample #8

Due Mar 9, 2021 at 11:59 PM

Secondary
sources
20 points

of the paper and to
expanding knowledge on
the topic.

18-20
Paper provides 5-7
credible secondary
sources to establish a
reason for asking the
research question and to
provide background info
on the topic. Sources are
integrated properly and
relevancy is clear.

Organization
20 points

18-20
Paper uses the proper
framework for qualitative
research papers,
including subheadings.
Each section of the paper
includes the appropriate
information for that
section as well as strong
paragraph structure.

Citation
10 points

9-10
Sources are cited
correctly in the document
and on the reference
page.

Formatting
5 points

5
Paper correctly follows
APA formatting,
including a title page,
page numbers, and
reference page.

Writing
Fluency
5 points

5
Skillful writing fluency;
exhibits few or no
mechanical errors.

contributes to the goals
of the paper and to
expanding knowledge on
the topic.

16-18
Paper provides at least 5
credible secondary
sources to establish a
reason for asking the
research question and to
provide background info
on the topic. Sources
may not be properly
integrated and/or
relevancy may not be
fully clear.

16-18
Paper mostly uses the
proper framework. For
the most part, each
section of the paper
includes the appropriate
information for that
section. Paragraph
formatting is generally
strong, but could be
improved in places.

8-9
Sources are cited, but
there are a few errors in
the format.

4
Paper is mostly correctly
formatted.

4
Reasonable writing
fluency; exhibits few
mechanical errors.

information presented in
Results section.
Interview does not fully
meet the goals of the
paper and/or expand
knowledge on the topic.

14-15
Paper provides at least 4
secondary sources to
establish a reason for
asking the research
question and to provide
background info on the
topic. Source may not be
credible, may not be
properly integrated,
and/or relevance may not
be clear.

14-15
Paper attempts the proper
framework for qualitative
research papers,
including subheadings;
however, some sections
may lack necessary
elements. Paragraph
formatting could be
improved.

7-8
Sources are cited, but
there are several errors in
the format.

3
Paper exhibits some
errors in APA formatting.

3
Writing fluency is
lacking; exhibits several
mechanical errors.

information presented in
Results section.
Interview does not meet
the goals of the paper
and/or expand
knowledge on the topic.

14-1
Paper provides at least
one secondary source to
establish a reason for
asking the research
question and to provide
background info on the
topic. Sources are not
credible, properly
integrated, and/or
relevance is unclear.

14-1
Paper does not fully use
the proper framework for
qualitative research
papers. Information
appears in the wrong
sections of the paper
and/or sections are
missing key information.
Paragraph formatting
needs improvement.

7-1
Some of the sources are
not cited and / or the
format is incorrect.

2-1
APA formatting is
attempted, but several
elements are missing or
incorrect.

2-1
Minimal writing fluency;
exhibits numerous
mechanical errors.

0
Paper does
not include
secondary
sources.

0
The paper
does not use
the
appropriate
framework
for a
qualitative
research
paper.

0
Sources are
not cited at
all/format is
not correct.

0
APA is not
attempted.

0
Writing is not
fluent—
unreadable.
