

ECONOMICS RESEARCH PAPER INSTRUCTIONS

Your assignments for the term contain several research papers based on a provided article or series of articles that mirrors a concept we will study for that week. Your weekly assignment page poses the question that I want you to research and offer an economically supported answer to. In other words, I want you to give me your conclusion based on the facts that you deem important.

GUIDELINES:

- 1) Length of the paper is limited to no less than two and no more than four pages so keep your arguments concise. Title page and references are not deemed as counting toward the two to four page requirements.
- 2) You are to use APA formatting, that is the paper should be typed, double-spaced on standard-sized paper (8.5" x 11") with 1" margins on all sides. You should use 10-12 pt. Times New Roman font or a similar font for readability.
- 3) Your paper should include **four** major sections: the **Title Page, Abstract, Main Body, and References.**
