PRESS RELEASE

LSS Professional Construction Company Celebrates Grand Opening of Its New Office

~~Hong Kong, 18 November 201~~

- JW
Hong Kong, 18 November 201- LSS Professional Construction Company, one of the world's leading general contractors, announced the grand opening of its new office in Hong Kong. A grand opening ceremony will be held on 5 December, from 3 p.m. to 5 p.m. The new office is located on 3/F at 3 George Road, Central, a perfect location that provides its 300 staff with the space and facilities needed to serve clients.

- Opening Ceremony
The grand opening ceremony will start with an opening speech by Mr Yip, who will briefly introduce the design concept behind this new and advanced office. A guided tour of the office will then be organised for guests to show them the new facilities and how these facilities can enable collaboration between the staff and clients. A detailed presentation will be given after the guided tour on LSS Professional Construction Company's new projects and future plans.

event
Detail
The new office will be the company's largest worldwide and offers individual meeting rooms for consultation that provide a highly comfortable and private space to clients. A videoconferencing room is outfitted with the most up-to-date, high-tech equipment for the convenience of clients. It also offers a large training room for staff so that seminars and training sessions can be held regularly to ensure the professionalism of the staff.

- Quotation
"We are very proud of LSS Professional Construction Company's new office in Hong Kong and very excited about the grand opening celebration," said Charles Yip, General Manager of LSS Professional Construction Company and a world-renowned civil engineer. "This large office is going to offer our staff the best working environment, where people are empowered to handle projects efficiently. Each work station is carefully designed so as to provide a welcoming and comfortable working environment. We also mandated the inclusion of several dedicated lounge areas, which will be ideal for brainstorming among staff members and for discussing projects with our clients. It is hoped that this outstanding office will create an environment for higher productivity and more effective communications with clients.
