

The Underworld Assignment
60 points

Part I: Illustrated Map of the Underworld (30 points)

Your assignment is to create an illustrated map of the Underworld. From what you have learned in this section, draw a map of the Underworld as you envision it to be. You will include at least 20 elements (places, people, etc.) found in the Underworld. One of the elements will be the path you take through the Underworld in your narration. (See Part II below.)

The illustration should fill up an 8 1/2 by 11 sheet of paper that can be easily scanned to submit as a .jpg or PDF file.

You will be graded using the following rubric:

| | Exceeds Expectations | Proficient | Partially Proficient | Unsatisfactory |
|----------------------------------|---|---|---|---|
| Content (15 points) | All elements are carefully and accurately placed. There are at least five more than the required number of elements included. | All elements are included and most are carefully and accurately placed. There are the required number of elements included. | All but one or two elements are included, several are out of place. | Several elements are not included and many are not accurately and carefully placed. |
| Visual Appeal (10 points) | Map is colorful and clean. All labels are legible and easily read. | Map has some color. A few labels are not easily read. | Map does not use much color and labels are difficult to read. | Map has no color and no labels are legible. |
| Map Elements (5 points) | Map includes a title and key. All relate specifically to the map. | Map includes both key map elements, but may contain inaccurate or not specifically relate to map content. | Map is missing one of the key map elements or one is completely inaccurate or does not relate to map content. | Map is missing both of the key map elements. |
