

Assignment Instructions

Assume you work for a car manufacturing firm, and you are trying to estimate and budget for the upcoming year. What factors would need to be considered? What departments would be involved in this budgeting process? Explain.

Your assignment should consist of at least 2–3 pages, not counting a title page (if included) or references page. You must include at least 2 references, one of which can be your textbook and one source must be from the CSU Online Library. Adhere to APA Style when creating citations and references for this assignment.
