

PART B. LONG ESSAYS Be prepared to explain the following as thoroughly as you can (approx. 3-4 blue-book pages for each):

(2 of 3 on exam)

*Intro, then Identify*

- 1 The major factors which contributed to America's industrial revolution (1870-1914) and the revolution's major effects on American society.
- 2 Immigration to the United States during the time of the industrial revolution: the various peoples involved; why they each came to America; how each group was received; their experiences in a new land; their impact on industrial America.
- 3 The Progressive reform movement of the early 1900s: progressive origins, goals, and major reforms achieved.

~~X~~ The causes and effects of the emergence of the United States from an isolationist nation to a global power in the late 1800s and early 1900s, including major actions taken on the world stage prior to World War I.

- Can make a pre-provided draft!
- Can send in draft to prof. to see if I'm on track.
