

Policy Worksheet 3: Vaccines

Submit Assignment

Due Friday by 11pm **Points** 30 **Submitting** a file upload
Available until Mar 30 at 11pm

The purpose of the Policy Identification Worksheet is to help you recognize a public health policy and understand how it relates to public health. This worksheet will also serve as a starting point when developing content for the final Policy Brief assignment. This worksheet aims to help students work through this process to successfully develop a concise, persuasive policy brief on one of the three topics discussed this semester.

Technical Requirements:

- **Download and thoroughly complete all sections of the worksheet - Please do not create your own document; use the one provided** 
(https://usflearn.instructure.com/courses/1537710/files/109796394/download?download_frd=1)
- Use correct grammar, spelling, etc.
- All information should be summarized or paraphrased. Do not quote or plagiarize content from policy documents/websites. All information should be written in your own words.
- Submit to the correct link in Assignment This uploads your paper to TurnItIn, a plagiarism detection device. See plagiarism information under Institutional Policies.

Content Requirements:

- Each policy should be specific to the United States.
- Each policy should be recent; not older than 30 years.
- Policy links should link directly to the policy. In other words, if you are reviewing a state policy then your link should be to the state legislation. Do not use third-party websites as they may distort the policy language.
