

Clinical Experience Week 2

Describe your clinical experience for this week.

- Did you face any challenges, any success? If so, what were they?
- Describe the assessment of a patient, detailing the signs and symptoms (S&S), assessment, plan of care, and at least 3 possible differential diagnosis with rationales.
- Mention the health promotion intervention for this patient.
- What did you learn from this week's clinical experience that can be beneficial for you as an advanced practice nurse?
- Support your plan of care with the current peer-reviewed research guideline.

Submission Instructions:

- Your initial post should be at least 500 words, formatted and cited in current APA style with support from at least 2 academic sources. Your initial post is worth 8 points.
- You should respond to at least two of your peers by extending, refuting/correcting, or adding additional nuance to their posts. Your reply posts are worth 2 points (1 point per response.)
- All replies must be constructive and use literature where possible.
- Please post your initial response by 11:59 PM ET Thursday, and comment on the posts of two classmates by 11:59 PM ET Sunday.
- You can expect feedback from the instructor within 48 to 72 hours from the Sunday due date.
