riage with a spouse selected for her from nine years old. (4) She presents at the clinic after 21 days of hospitalization for a brief psychotic disorder because her symptoms lasted for less than a month. Before admission, the patient reported Al-lah's visions, whereby in a whole week, she believed to be Prophet Mohammad who would deliver the whole world from sin. (3) The husband had concerns about her wife's behavior to the extent that he became afraid of leaving their kids with her.

There was a report that one evening, the husband called the police on her because she was out of control. After the incident, there was a subsequent admission to a psychiatric unit. However, the woman appeared calm and argued that her husband had just blown the entire incident out of portion. The patient also denies having be-liefs that she was Prophet Mohammad and her husband aimed to get her out be-cause he never loved her and wished to marry an American wife. She reported that the television gave her the information. (4) The patient was 140 lbs and 5'5". Deci-
