

This assignment is in fulfillment of the following course objective which can be found on your course syllabus:

- Be exposed to ethical behaviors in finance through use of one written assignment concerning an ethical topic in finance.

Watch "American Greed" Season 7, episode 7. Write a two page double spaced reaction paper to this episode and the discussions from class. In your write up, include your opinions on ethics in finance. Do you believe ethical behaviors in finance are different than ethical behaviors in other aspects of our lives? What drives people to rationalize unethical behaviors in finance? Be complete and thoughtful in explaining your answers.
