

## Mad Mel and the Horrible/Happy Memory

I remember on a cold breezy day, my mom got a whole bunch of gifts. They looked too small to fit her, since all of a sudden she was really Fat! I knew something was wrong and I was determined to find out!!

After a long while, mommy started to get really hot and scream! She made daddy turn the airconditioning up. It was real funny to watch dad wear winter clothes inside and summer clothes outside! It felt like we lived in an igloo!! Suddenly it happened! We were all of a sudden in the car. I had quite a headache because the fat lady (mommy) kept on screaming!

I soon found my mom had another me! I was so excited at first, but I soon found out it

was a boy!! I felt like I was in more pain than my mom! Everyone came to see the baby. My dad got to name my brother. He named him Mel. What a horrible name! His birthday is July 16<sup>th</sup>, 1989. I felt like the ugly old green monster that everyone hated!

When Mel was about three he was even worse. He ate my crayons and ripped up my pretty pictures. I tried everything I could to get attention! I even made myself take a long harsh bath.

Years later everything sort of turned around. When he went to school he got friends of his own and he left me alone. He even gave me gifts on my birthday! We became best friends more than enemies. Now I protect my brother and love him more than anything.

My brother is so important to me because without him I would be spoiled and stuck-up. Of course that is not the only reason why he is important to me. I also love my brother because of how he looks up to me and how much he loves me! Mei is like a stained memory that can't be erased!!!
