3. In an essay at the end of this chapter, Lynn Peril makes a variety of claims about a concept she identifies as pink think, which she defines in part as "a set of ideas and attitudes about what constitutes proper female behavior." After reading this selection, consider whether Peril has defined a concept that operates today. If you think "pink think" still exists, prove it by showing how some activities, behaviors, products, or institutions meet the definition of the concept. Write, too, about the power that this concept has to define behavior.

Alternatively, define a concept of your own that applies to a similar kind of stereotypical behavior—for example, dude think or surfer think
