

COLOR WHEEL TOOL DESIGN

Due: Thursday

FORM FOLLOWS FUNCTION - BAUHAUS

Your assignment is to make the color wheel aesthetically pleasing to the eye while insuring that it still works as a tool.

Use the Color Wheel on page 43 as a model. This is the function of the color wheel tool. Now make it aesthetically pleasing.

FUNCTION

12 colors

Primary, Secondary and Intermediate colors are in the proper order

Analogous colors **adjacent** to each other

Complementary colors **across** from each other

FORM

Make patterns, shapes and designs for each color.

Patterns, shapes and designs are subjective.

Your design must still **work** as a color wheel.

Media

Computer Printing Paper

Color pencils

Fill the paper. Work large.

Note: It is not necessary to have every color. Secondary and intermediate colors can be made by combining colors either by cross hatching, stippling or placing one color over another.
