In other words, due to freedom (democracy), once a government is elected it ^{makes} made sure that normal citizens can carry on with their everyday life knowing that government is working in the background to make sure everything works smoothly (13). ^{why is there a page number here.} I am going to try and look at some examples which shows us what freedom means to different people at different time. Schubert emphasizes "freedom of speech and freedom of press" by mentioning a very famous case, there was a very famous case which involved *John Peter Zenger* who was a publisher for *New York Weekly Journal*, back in 1735. Zenger was among the first journalist who was sued after he published some serious political stories about the officials at the time. This was the time when there was no such thing as Freedom of speech of freedom of press. This case eventually ^{led} led the establishment to the right of the press to criticize public and political officials. Thereafter, in 1791, the First Amendment was recognised. This Amendment is the foundation of the freedom of speech and specially freedom of press in United States (14).

I don't see claims.

There are more than 200 independent nations in our planet, and government in most of those nations have identified the responsibility of freedom and what does it mean to people especially in today's highly modern world. It means that, general public is free to express their selves with all-purpose towards valuing the singular freedom of others. A simple example would be none other than United State of America, ^{cs} it is known as one of very few countries which tend to provide freedom at many different levels each American citizen. This is mainly due to a very stable democratic system developed by the government. In simple words, Americans have establish an improved understanding of self-worth, an improved intellect of communication and a will to follow an expressive life. ^{full name.} Puddington looks at this topic in detail, he goes on by saying that US is one of very few countires in the world, where regardless what religion you follow and what belief you have you can pratceice it in public and no one will stop you or ask you about it. A simple way to look at the religion freedom is the
