

B. GROUP PROJECT:

The students are required to prepare an oral and written presentation on a four (4) page double spaced paper on an assigned managerial scenario that will be distributed at the start of the second class. The oral presentation should last approximately 20 minutes and one written presentation will be handed in for each group.

Choice and expand on a current Multinational Corporation that relates to our class discussion.

Each presentation will and paper is due on the day of the sixth (6th) class.

The Group Project will comprise 25% of the final grade and will be graded according to the following rubrics:

50% for Five Effective Hedging Transactions

20% for Effective Use of Correlation Analysis and Beta Calculation

10% for Correct use of Currency Conversions

10% Recommendations to Hedge or not Hedge

10% Proper Use of IRP and PPP formulae.
