

BB

- 1- ~~There are~~ evidence of farming ^{ancient} in Egypt
- * They used to live near to Nile river to farm and get their own food. They moved to Nile river because their place began to dry up.
- * Nile river flows down not the opposite as ~~is~~ many people think.
- * The Nile river floods every year on the same day, unlike mesopotamia river ~~&~~ (which ~~was~~ was predictable)
- * The floods ~~is~~, believe it or not, helped the Egyptian ~~to~~ ~~&~~ ~~the~~ flood every ~~year~~ ~~was~~ year was cycle of moving and spreading nutrients all over (which ~~helped~~ helped ~~the~~ the Egyptian to get food).
- * wheat and barley (for making beer) ~~were~~ were grown.
- * They developed irrigation system
