

↳ urbanization: process by which rural communities grow ~~from~~ ~~into~~ to form cities.

* people moved from their place to Nile river because their land ~~was~~ began to dry up.

The pharaoh was responsible for keeping Ma'at (stability and secure)

↳ Commercial complex network (trading and exchange).

* In the early start of Egypt civilization they ~~trade~~ got barley and wheat from Mesopotamia, while donkeys and cattle reached Egypt from Sudan.

Egypt trades were with their neighbors and they also traded with distant countries (they mostly luxury goods)
