

Based on the information we have discussed in class and the research you have done, create a business plan for a fictitious "for profit" company or Franchise using the following outline.

Your plan should include a title page, table of contents with page numbers, double spaced 12 pt. font with references. Do NOT put in individual page protectors or binders. Do not forget to use headings, pictures, graphs, charts, and samples. (optional)
During the semester, you will work with your peers and under the direction of your instructor to produce portions of the business plan.

FYI:

Go to www.lawdepot.com
Legal forms in minutes
"Business Plan"

Use Windows
Built in "TABLE of Content Builder"

Work on this as the ~~course~~ progresses. "Don't wait until the last minute!"
