

MIDTERM EXAM

After much tortured thought and agonized self-analysis, I have decided to let you do a take-home Midterm. Here is what you are to do:

1. Completely outline a 10 minute speech on the topic written below.
2. Write a complete attention getter, and tell me in a separate paragraph why you used the attention getter you selected.
3. Write a complete final statement, and tell me in a separate paragraph why you believe the one you have written is the best one you could possibly have done.
4. You may do a topic outline, but each item (major points, minor points, and sub-points) must be complete. (just writing "point 2" for example, will not be sufficient.)
5. In addition describe 3 visual aid charts you would want to use in your speech. Tell me what you would put on them and why, and what materials you would use. Be specific.

REMEMBER:

10 (hypothetical) MINUTES- BE COMPLETE!!!

NO, YOU ARE NOT GOING TO DELIVER THE SPEECH
