

it.

There was number of areas I wanted to venture and specialize in, including valuation of assets, which were intangible, and issue of production of movies. Production of movies would give me the chance to lay hands on the scripts, which are written by renowned writers with great language and skills. Involvement in movie production also incorporates the aspect of marketing the product. This deals in the business side of the whole activity. There is need to do research in the target market to be able to deliver a well-developed product to meet the standards expected.

My experience in writing has been an interesting one. There are times at the early stages of my writing when I made some serious mistakes. This could come out when someone went through my piece of work. I used to get discouraged before I could realize the good that the criticism did to my writing. The time I started taking all the comments on my pieces of work positively was the time when I started to see major improvements in general. NEW PARAGRAPH

when I got an opportunity to work as a personal assistant to a manager in one company and it involved writing quite a lot. I used to have to write reports on different activities in the company. This was an internship in my dad's friends company

This gave me the challenge to gather all that I needed to provide good material to show how competitive I could be. This happened some time after I got to the US having studied a lot on what kind of activities - speeches

how to speak and write good English. The tasks that I was assigned made me work an extra mile on my language and writing skills. The job I did also gave me good practice in writing and I even

found it to be interesting in a way. This was because the pieces of work I did were on the business field and in the language; I so much wanted to learn about. describe present: employees

helped you with your writing - accounting reports, one or two pages - no salary - dad wanted you to practice
During this entire period, I got a chance to interact with a team of students and group of people from all over the world. The kind of team I got to work with at all points proved to be false reports
supportive to me. They provided me with all the assistance I needed with my development and

Employees were friends and relatives - They became my teachers.
