

I am a student ^{at} Purdue University ⁱⁿ the United States of America. Our family ^{is} composed of 10 members. We were all born and taken to the neighboring pre-school where we were able to receive our first introduction to our life in the studies. It took a year for to be promoted to the next class after undergoing different examinations and practical which involves learning ^{on} how to hold and keep safe anything provided. In our family, we have the two sons, our two daughters and their spouses and finally mum and dad. We live together in the same country. We are all very happy in our relationship.

When I was 10 years old, I learnt ^{on} how to speak English from my original language, which was English to be able to communicate well ^{with} the people; we were interacting with from different countries, and continents. I used to feel exhausted, because the job of learning ^{it} was tedious, monotonous, and stressful because it was not our first language. I thought about it deeply what I should do for the future. I decided to further my study ⁱⁿ the United States of America and went there. I was influence by my friends and relatives who ^{was} also studying there and others working there after here studies. There were several things that I wanted to learn there in the field of business, which was related to my course of study, and those included the valuation of ^{the} assets, which were intangible, and the issue of the production of ^{the} movies. This ^{is} what I wanted to do during my leisure time so that they can widen familiarity with English language which ^{is} the language spoken by everyone in the streets of the states. This finally led to the drive of liking the writing practices. ^{From Middle school connect this}

There are also the memories of the success and the failure in the writing. It happened that I was

to get a certain contract to work as a secretary of a certain boss of a certain company and the boss of company was an English. One day I was to write a speech for the boss and due to my poor

English speaking, it led me to the copying of the speeches from the other articles, which were
