

- f. Do Jones examples of white chauvinism sufficiently explain African American women's insufficient participation in progressive organizations? Why or why not?
- g. How do Jones ideas about connections between gender, race, and class compare with analyses of gender by Anna Julia Cooper and Amy Jacques Garvey?
5. Prepare a brief paper/essay comparing the social, political, and economic philosophies of Booker T. Washington, W.E.B. Du Bois, and Marcus Garvey.
6. What were the social, political, and economic motives of Europeans initiating slavery and the trans-Atlantic slave trade?
7. Discuss the changing attitudes of White Americans toward slavery before and after the Revolutionary War and leading up to and after the Civil War?
8. Examine Daniel Patrick Moynihan's study, *The Negro Family: The Case for National Action*, in relations to the counter arguments it provoked among Black social theorists.
9. Debate the issue of African American intra-class conflict theorized by William J. Wilson in his provocative book – *The Declining Significance of Race*.
10. Write an analytical essay explaining how various media, including television and film, billboard and print, may contribute to negative socialization, stereotyping, and personality disorders among African Americans. Discuss the politic-psychological implications of this pattern.
