ECO 540 Final Project Part One Milestone Two Rubric (5 pages)

Submit an analysis of game theory and profit-maximizing opportunities. Provide an analysis of static and dynamic game theory models of the final project merger, along with your analysis of opportunities to profit-maximize.

Specifically, the following critical elements must be addressed:

1. **Static and Dynamic Game Theory:** Explain static and dynamic game theory models applicable to this case study and their likely outcomes.
2. **Profit Maximizing Models:** Analyze how static/dynamic models can be used to maximize profit and why they are appropriate.

Guidelines for Submission: Final Project One Milestone Two should follow these formatting guidelines: 5 pages including properly formatted game diagrams, with double spacing, 12-point Times New Roman font, one-inch margins, and citations in APA format.

Instructor Feedback: This activity uses an integrated rubric in Blackboard. Students can view instructor feedback in the Grade Center. For more information, review these instructions.
