

Instructions for the Constitution Worksheet

After you have read the Constitution of the United States, Please Fill out the worksheet.

In the sections that ask you Which Article does what, just tell me the Article number.

In the section that asks you about how individuals get into office according to the constitution, I want it explained in your own words. Do not cut and paste the section from the constitution...you will not get credit for that answer.

The most important part is that you READ the Constitution.
