RE: Project No: 2016-X-TRA Crdt 460.1 , Part 1 of 2 (Part 2 of 2 to be delivered 11/1/16, after 9:15am)

I know I said in my last memo I sent on 10/19/16 (the Midterm) that the CEQA was OK and not to worry about the CEQA analysis for that memo, and that is still true (i.e., DO NOT ANALYZE CEQA ON THE MIDTERM ANSWER; REPEAT. DO NOT ANALYZE CEQA ON THE MIDTERM ANSWER).

But, we have another problem. Again, this is COMPLETELY independent from the last memo (the Midterm) and this has no new information that should affect that work and I want you to finish that first before starting on this extra project.

When you are finished with the 10/19/16 memo assignment (i.e., the Midterm), and in preparation for our meeting scheduled for November 9, at 6:00pm (i.e., class on 11/9), I want you to prepare an Initial Study on Annie's proposed project.

Given the situation with Clark's work with the permit and, I want you to do a new Initial Study on the project.

I will be receiving more information from the applicant next week, and will provide you with more information provided in Part 2 of this memo which I should get out on 11/1/16, around 9:15am.

In the meantime, when you are done with the other memo, look over the attached Initial Study to be familiar with the questions provided, and the types of impacts needing to be analyzed in the short and long form analyses.

When we meet to discuss this matter on November 9, I'll want to hear your input on several of the evaluated categories and how you came up with the opinion that impacts were "Potentially Significant", "Less than Significant With Mitigation", "Less Than Significant", or "No Impact".

Thanks.

P.S.

I'm including a Word version of the Initial Study you should use.

Thanks again for your initial analysis. That was very helpful. As most of your colleagues shared, that Clark's work with the permit really put the City in a bind. Now we need to look at the CEQA component of this application in more detail. So, I want you to do an Initial Study on the project. Use the Word version of the Initial Study provided with the 10/26 memo.

Again, the analysis here is COMPLETELY independent from the initial memo from 10/19 (your Midterm), though you will need to rely on the facts provided in the 10/19 and 10/26 memos. Here is the new information from the applicant:

- a. The address is 101 N. Main Street.
- b. It is in the Downtown Specific Plan area.
- c. The general plan for the DTSP is "commercial".
- d. No residential uses are allowed in the DTSP, so that will require a Specific Plan Amendment.
- e. The building permit will be issued over-the-counter.

★ Based on the new information from the applicant I believe the following are required:

1. A building permit for the off-site sign for Garry's Garage
2. A Minor CUP for off-site sign
3. A CUP for residential remodel with restaurant, and potentially a Specific Plan Amendment for the residential use (the SPA depends on the City Attorney's opinion whether that use is grandfathered in or not).

★ As you know, at the time of adopting the Downtown Specific Plan, the City sent notice of area to the Gabrielino/Tongva Tribal Council, the Gabrielino-Tongva Tribal Council, and the Coastal Gabrielino-Diegueno Band of Mission Indians. The City received the responses from each organization that essentially was the same: those projects along North Main street are not of historical interest or significant to our nations; Because of the continued occupation an excavation of that area, our organizations require no notification of projects unless such will require excavation below 5 feet in depth. Please take this information into consideration when answering the last item on the first page and section XVII.

Part 2 of 2
Pg 2

Please do the following :

A. CEQA Checklists (Written forms to be submitted to me)

1. Prepare a **checklist analysis** for a building permit for the off-site sign for Garry's Garage
2. Prepare a **checklist analysis** for a Minor CUP for off-site sign
3. Prepare a **long form analysis** for the CUP and Specific Plan Amendment (together) for the residential remodel with restaurant

B. Native American Notification (Written answer to be submitted: ¼ to ¾ page)

1. When so we need to submit notification?
2. Do we need to notify the affected Native American groups again? Why/Why not?

REMINDER: Be prepared to defend your answers at our meeting on November 9. I'll want to hear your input on several of the evaluated categories and how you came up with the opinion that impacts were "Potentially Significant", "Less than Significant With Mitigation", "Less Than Significant", or "No Impact".

Thanks.

Have California Native American tribes traditionally and culturally affiliated with the project area requested consultation pursuant to Public Resources Code section 21080.3.1? If so, has consultation begun? Note: Conducting consultation early in the CEQA process allows tribal governments, lead agencies, and project proponents to discuss the level of environmental review, identify and address potential adverse impacts to tribal cultural resources, and reduce the potential for delay and conflict in the environmental review process. (See Public Resources Code section 21083.3.2.) Information may also be available from the California Native American Heritage Commission's Sacred Lands File per Public Resources Code section 5097.96 and the California Historical Resources Information System administered by the California Office of Historic Preservation. Please also note that Public Resources Code section 21082.3(c) contains provisions specific to confidentiality.

DETERMINATION:

On the basis of this initial evaluation:

<input type="checkbox"/>	I find that the proposed project COULD NOT have a significant effect on the environment, and a NEGATIVE DECLARATION will be prepared.
<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, there will not be a significant effect in this case because revisions in the project have been made by or agreed to by the project proponent. A MITIGATED NEGATIVE DECLARATION will be prepared.
<input type="checkbox"/>	I find that the proposed project MAY have a significant effect on the environment, and an ENVIRONMENTAL IMPACT REPORT is required.
<input type="checkbox"/>	I find that the proposed project MAY have a "potentially significant impact" or "potentially significant unless mitigated" impact on the environment, but at least one effect 1) has been adequately analyzed in an earlier document pursuant to applicable legal standards, and 2) has been addressed by mitigation measures based on the earlier analysis as described on attached sheets. An ENVIRONMENTAL IMPACT REPORT is required, but it must analyze only the effects that remain to be addressed.
<input type="checkbox"/>	I find that although the proposed project could have a significant effect on the environment, because all potentially significant effects (a) have been analyzed adequately in an earlier EIR or NEGATIVE DECLARATION pursuant to applicable standards, and (b) have been avoided or mitigated pursuant to that earlier EIR or NEGATIVE DECLARATION, including revisions or mitigation measures that are imposed upon the proposed project, nothing further is required.

CEQA Environmental Checklist

This checklist identifies physical, biological, social and economic factors that might be affected by the proposed project. In many cases, background studies performed in connection with the projects indicate no impacts. A NO IMPACT answer in the last column reflects this determination. Where there is a need for clarifying discussion, the discussion is included either following the applicable section of the checklist or is within the body of the environmental document itself. The words "significant" and "significance" used throughout the following checklist are related to CEQA, not NEPA, impacts. The questions in this form are intended to encourage the thoughtful assessment of impacts and do not represent thresholds of significance.

	Potentially Significant Impact	Less Than Significant with Mitigation	Less Than Significant Impact	No Impact
I. AESTHETICS: Would the project:				
a) Have a substantial adverse effect on a scenic vista?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b) Substantially damage scenic resources, including, but not limited to, trees, rock outcroppings, and historic buildings within a state scenic highway?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

II. AGRICULTURE AND FOREST RESOURCES: In determining whether impacts to agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997) prepared by the California Dept. of Conservation as an optional model to use in assessing impacts on agriculture and farmland. In determining whether impacts to forest resources, including timberland, are significant environmental effects, lead agencies may refer to information compiled by the California Department of Forestry and Fire Protection regarding the state's inventory of forest land, including the Forest and Range Assessment Project and the Forest Legacy Assessment Project; and the forest carbon measurement methodology provided in Forest Protocols adopted by the California Air Resources Board.
