

Milestones

Milestone One: Select Health Question

In **Module Two**, you will identify the health question you will be researching for instructor feedback and approval. Milestone One should be several sentences in length. **This milestone is graded with the Milestone One Rubric.**

Milestone Two: Describe the Data

In **Module Three**, you will describe the key features of the data set, including limitations that might exist. Milestone Two should be one or two paragraphs in length. **This milestone is graded with the Milestone Two Rubric.**

Milestone Three: Process and Calculations

In **Module Five**, you will create a table in which you propose the calculations and graphs you will need to perform to answer the health question you are investigating. Then you will complete the table. For Milestone Three, you will submit this completed table. **This milestone is graded with the Milestone Three Rubric.**

Milestone Four: Data Analysis

In **Module Seven**, you will submit the data analysis section of Final Project Part II. This section includes the graphs and more complicated inference tests you conducted on the data set to answer the health question. **This milestone is graded with the Milestone Four Rubric.**

Final Project Part II Submission: Statistical Report

In **Module Nine**, complete the conclusions section of Final Project Part II and the rest of the completed statistical report (including graphs or Excel spreadsheet with calculations). You have been working on this report in Milestones One through Four. Before submitting, revise each section of the report based on the feedback you received from your instructor and peers. It should be a complete, polished artifact containing all of the critical elements of the final product. It should reflect the incorporation of feedback gained throughout the course. **This submission will be graded using the Final Project Part II Rubric.**

Deliverables

Milestone	Deliverable	Module Due	Grading
One	Select Health Question	Two	Graded separately; Milestone One Rubric
Two	Describe the Data	Three	Graded separately; Milestone Two Rubric
Three	Process and Calculations	Five	Graded separately; Milestone Three Rubric
Four	Data Analysis	Seven	Graded separately; Milestone Four Rubric
	Final Project Part II Submission: Statistical Report	Nine	Graded separately; Final Project Part II Rubric
