

WEEK 2: TEAM ASSIGNMENT

[Submit Assignment](#)

Due Jul 16 by 11:59pm **Points** 150 **Submitting** a file upload
Available Jul 9 at 12am - Aug 26 at 11:59pm about 2 months

Student teams will address current and evolving home security vulnerabilities with consideration of the evolving Smart Homes. Students are expected to also address the increased use of Internet technologies that can be used to diminish home vulnerabilities. Each team will develop a 5 to 7 minute PP presentation. It is expected that student-teams will employ and all WebEx or Cisco Spark modalities. These videos will be reviewed by at least 2 others in the class.
