

The Rhetoric of Whitney Burr

Junior High Bond Opposed

Editor, The Post-Register:

Mr. Jack Nickerson has got no right in his recent letter to call down the good church people. Paying the tithe is the Lord's offering, homage to Jesus Christ. Only a Christian patriot pays his tithe to their God!

Why do I or my brother or all of us need a new junior high school? Public education leads mindlessness to cry for shame, sex, drugs, riots, rapes, muggings, spitting on the flag! Berkeley again! If we had no public schools the young monsters would slobber and cry, but pay their own way for an education and learn respect.

Why should I pay my hard-earned tax money for a junior high so young hoodlums run around the hallways on their motorcycles, leather jacket, beards and switchblade knives, the young Jezebels in hot pants, half naked in a Roman Circus that would make Herod blush! What has Anti-Christ wrought?

I am proud to pay my tithe. As a religious patriot I do so vote against a new west side junior high on Feb. 20. If you are for God as a Christian, if you are against abortions, vote "no" against a junior high, don't vote for a public supported brothel for sex and LSD! What was wrong with the little red school house, it's red in color only.

Harold Christensen, trustee, says times we must stop socialism—do it now! Join us Mr. Christensen, how are you so right 99 per cent of time, right 99 per cent but wrong 1 per cent by a new school? You are still a good man, I voted for you, I would again Mr. Christensen.

A raspberry to Mr. Nickerson saying Christians first go to bars, then church, then pay schools. Mr. Nickerson, don't you know only atheist, liberal perverts. And Rome, are going in the bars? There is no Idaho Falls Christian who goes to a bar to drink the juice of Satan! This is why Rome and the Papist are trying to take over the land! Schools are the first step so Vote No!!! It could happen here, yes sir!!
